# Custom Sourcing

## Work with DORFIN.... Let us be your global sourcing partner!

You have mastered your industry, and know your products better than anyone. Let our sourcing experts concentrate on expanding your global network to maximize your profits.

We source products through established relationships with domestic and international suppliers. We continuously source globally for new relationships with factories around the world. Our team will meet with you to collaborate and analyse your project to create the best possible solution. In other words, we'll do what you require and surpass your expectations.

We understand that all customers are unique, and that their needs can even differ within each division of their organization. Dorfin offers the resources to create personal concepts for our clients based on their specifications, so our clients receive made-to-order solutions. Once sourced and customized, our art house will design the packaging for your private label or brand.

With over 60 years of experience we have developed an expertise in overseas sourcing that allows us to ease the purchasing and logistic process and assures quality control that will meet the most rigorous specifications.

- We work with retailers and source customized products for resale.
- We work with the food service industry to develop products for use in their food service facilities.
- We work with distributors in the packaging industry to source customized products for them to resell to their customers.
- We ensure our customers are offered turnkey solutions for their custom sourcing needs.

### EDI

Dorfin offers its trading partners all of the benefits of eCommerce, including an information-rich web site with on-line ordering, product inquiry and account verification, EDI (electronic data interchange), and e-mail. We look forward to partnering with our customers in any way convenient to you, using the latest standards to enhance the efficiency of doing business. Please call our customer sales and service department for details or visit us on the web at [www.dorfin.com](http://www.dorfin.com).

## Resealable Bags

- We carry a wide variety of sizes and thicknesses. We offer both low and high-density bags. In addition, we sell millions of custom bags; custom as to size, thickness, colour and printing.
- Definition: Bags are normally measured width x length. If the bag has a side gusset or pleat, it's width x gusset x length. It's always best to submit samples of any bag you may require.
