Custom Sourcing

Work with DORFIN.... Let us be your global sourcing partner!

You have mastered your industry, and know your products better than anyone. Let our sourcing experts concentrate on expanding your global network to maximize your profits.

We source products through established relationships with domestic and international suppliers. We continuously source globally for new relationships with factories around the world. Our team will meet with you to collaborate and analyse your project to create the best possible solution. In other words, we'll do what you require and surpass your expectations.

We understand that all customers are unique, and that their needs can even differ within each division of their organization. Dorfin offers the resources to create personal concepts for our clients based on their specifications, so our clients receive made-to-order solutions. Once sourced and customized, our art house will design the packaging for your private label or brand.

With over 60 years of experience we have developed an expertise in overseas sourcing that allows us to ease the purchasing and logistic process and assures quality control that will meet the most rigorous specifications.

- We work with retailers and source customized products for resale.
- We work with the food service industry to develop products for use in their food service facilities.
- We work with distributors in the packaging industry to source customized products for them to resell to their customers.
- We ensure our customers are offered turnkey solutions for their custom sourcing needs.

EDI

Dorfin offers its trading partners all of the benefits of eCommerce, including an information-rich web site with on-line ordering, product inquiry and account verification, EDI (electronic data interchange), and e-mail. We look forward to partnering with our customers in any way convenient to you, using the latest standards to enhance the efficiency of doing business. Please call our customer sales and service department for details or visit us on the web at www.dorfin.com.

TERMS AND CONDITIONS

Ordering :

To ensure accurate receipt of what you are ordering, please specify page number, product codes, stock numbers, and description including colour, size and thickness.

Pricing :

Pricing does not include all applicable taxes. Pallet charges are extra.

FOB's :

Our FOB policy for Montreal, Ottawa, Toronto, Quebec City and the Eastern Townships is subject to a minimum dollars amount and product mix. Orders under minimum are shipped collect or prepaid and charge.

Payment :

Visa and Master Card are gladly accepted. For customers who wish to have an open account status, please call us or e-mail us and we will be happy to fax or e-mail you a credit application form. Upon receipt of favourable information concerning the credit verification, your account will be opened. Our terms are net 30 days.

Shipping :

Please specify if we should ship complete, or in part, in the event of a back-ordered item(s). If you prefer that we cancel any back ordered items at time of shipment, please specify this at time of order.

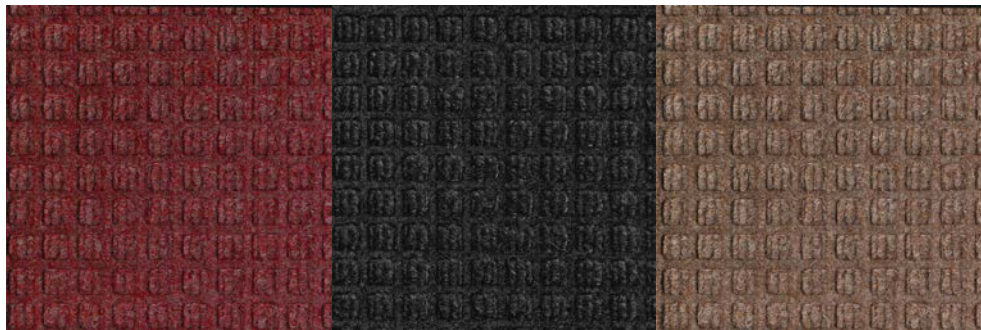

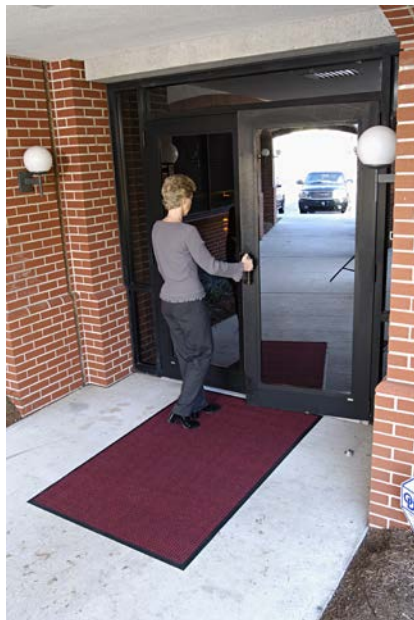

Returned Merchandise Procedure:

The buyer must contact Dorfin's customer service department for a returned merchandise authorization and shipping instructions prior to returning any products. All returns must be shipped prepaid, in resalable condition, in original carton(s) where applicable and are subject to issuance of a credit or refund. Handling charge could be 20% or more depending upon the circumstances. No returns will be accepted after 30 days. Customized goods are not returnable unless deemed to be defective or not as ordered.

Entrance Mats

An entrance mat is the first line of defence against contaminants and particles entering the building. As such, there are 4 things an entrance mat should do:

- Stop soil and water
- Store soil and water for removal at a convenient time
- Minimize tracking of stored soil and water into the building
- Provide a safe surface for traffic

Water Hog

- Perfect for most applications inside or out, Waterhog Classic's unique design makes it revolutionary. The rubber reinforced face nubs and waffle design provide crush-proof scraping action. The raised rubber "water dam" border traps dirt and water - keeping them off carpet and floors.
- Contains 20% Recycled Content
- Certified slip-resistance by the National Floor Safety Institute
- Custom sizes available in lengths up to 60'

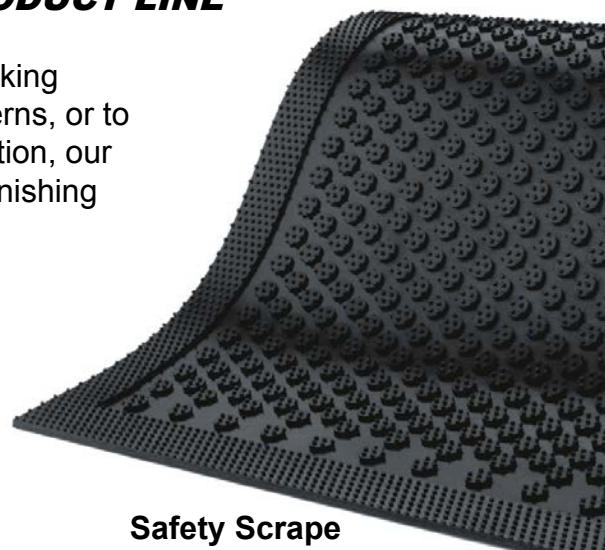

Other colours available in 3 or 4 foot widths only

**MANY DIFFERENT STYLES, COLOURS AND LOOKS ARE AVAILABLE
CALL YOUR SALES REP FOR CUSTOM SIZING AND

Whether your needs are to ensure better productivity by making your employees more comfortable, addressing safety concerns, or to improve the look and cleanliness of your office or retail location, our products range from eco-friendly entrance mats to interior finishing mats to industrial mats for anti-fatigue and traction control.

Whatever the mat need may be, we have a high quality, performance-based technological mat solution.

Dorfin's philosophy of "What's In It For the Customer", combined with competitively priced quality products and highly skilled sourcing of custom products and solutions, is supported by a team of people who "do what we say we are going to do". This, along with our hands-on management team & ownership, has earned us the trust and privilege of being the business partner of choice to our customers.

- Over 60 years of service to our customers.
- "Easy to do business with" attitude.
- We listen to & understand your challenges while providing solutions as unique as you are.
