Custom Sourcing

Work with DORFIN.... Let us be your global sourcing partner!

You have mastered your industry, and know your products better than anyone. Let our sourcing experts concentrate on expanding your global network to maximize your profits.

We source products through established relationships with domestic and international suppliers. We continuously source globally for new relationships with factories around the world. Our team will meet with you to collaborate and analyse your project to create the best possible solution. In other words, we'll do what you require and surpass your expectations.

We understand that all customers are unique, and that their needs can even differ within each division of their organization. Dorfin offers the resources to create personal concepts for our clients based on their specifications, so our clients receive made-to-order solutions. Once sourced and customized, our art house will design the packaging for your private label or brand.

With over 60 years of experience we have developed an expertise in overseas sourcing that allows us to ease the purchasing and logistic process and assures quality control that will meet the most rigorous specifications.

- We work with retailers and source customized products for resale.
- We work with the food service industry to develop products for use in their food service facilities.
- We work with distributors in the packaging industry to source customized products for them to resell to their customers.
- We ensure our customers are offered turnkey solutions for their custom sourcing needs.

EDI

Dorfin offers its trading partners all of the benefits of eCommerce, including an information-rich web site with on-line ordering, product inquiry and account verification, EDI (electronic data interchange), and e-mail. We look forward to partnering with our customers in any way convenient to you, using the latest standards to enhance the efficiency of doing business. Please call our customer sales and service department for details or visit us on the web at www.dorfin.com.

TERMS AND CONDITIONS

Ordering :

To ensure accurate receipt of what you are ordering, please specify page number, product codes, stock numbers, and description including colour, size and thickness.

Pricing :

Pricing does not include all applicable taxes. Pallet charges are extra.

FOB's :

Our FOB policy for Montreal, Ottawa, Toronto, Quebec City and the Eastern Townships is subject to a minimum dollars amount and product mix. Orders under minimum are shipped collect or prepaid and charge.

Payment :

Visa and Master Card are gladly accepted. For customers who wish to have an open account status, please call us or e-mail us and we will be happy to fax or e-mail you a credit application form. Upon receipt of favourable information concerning the credit verification, your account will be opened. Our terms are net 30 days.

Shipping :

Please specify if we should ship complete, or in part, in the event of a back-ordered item(s). If you prefer that we cancel any back ordered items at time of shipment, please specify this at time of order.

Returned Merchandise Procedure:

The buyer must contact Dorfin's customer service department for a returned merchandise authorization and shipping instructions prior to returning any products. All returns must be shipped prepaid, in resalable condition, in original carton(s) where applicable and are subject to issuance of a credit or refund. Handling charge could be 20% or more depending upon the circumstances. No returns will be accepted after 30 days. Customized goods are not returnable unless deemed to be defective or not as ordered.

Angleguard™

- Provides effective protective packaging of palletized merchandise. Made of multiple layers of paperboard and laminated with glue, Angleguard™ gives exceptional strength for load stability and packaging protection.
- Offers total perimeter impact protection at all critical load points
- Increased vertical strength allows for crush resistant multi-pallet stacking
- Improves safety and guards against load shifting while goods are in transit
- Optional printing available, up to 6 colours
- Improved load appearance for point-of-purchase displays
- Custom lengths and gauges are available upon request

Code	Description	Dimensions	Thickness	Pallet
2520015	Angleguard™	3" x 3" x 72"	0.160 pts	800

1035080	Board - "A" Shape	16" x 33"	0.018 pts	180	20

Slip Sheets

- The slip sheet is used for pallet support in vehicle delivery and transportation of products.
- When slip sheets are supported by a pallet board, flat load carrying surface, or a cart or fork lift truck, the structural strength of the slip sheet supports the product load's weight.
- With the slip sheet supported by one of these transportation devices the unit load can easily be transported both internally within a facility and externally between two facility locations.

Code	Description	Dimensions	Thickness	Sheets
1036005	Slip Sheet	36" x 48"	ETC 23C	250
